Submit Petitions to: Office of the Registrar, P.O. Box 4017, Atlanta, GA 30302-4017
Email: Residency@langate.gsu.edu

University System of Georgia students are responsible for registering under the proper tuition classification. Students who have been classified as out-of-state for tuition purposes and believe they are entitled to be classified in-state for tuition purposes may petition the institution for a change of status. For more information about the classification of students for tuition purposes, see Board of Regents Policy Manual, section 403.02 Classification of Students for Tuition Purposes (<http://www.usg.edu/regents/policymanual/400.phtml>). For petition filing dates, consult with the Tuition Classification Officer at the institution to which you have applied for admission.

Who should file this petition?

This petition should be submitted **only** if you have already been notified that you have been classified as out-of-state for tuition purposes and you think that further information could alter that decision.

You must demonstrate that you, your parent, your spouse or your court appointed guardian (if you are a minor) is a legal resident of Georgia. You may establish this claim by providing documentation to support the definition established by the Board of Regents. **Please note that establishing in-state status for tuition purposes as defined by the Board of Regents is different than residency for purposes of such things as voting, having a GA license/tag etc., and requires more than establishing eligibility to vote, securing a driver's license, and/or paying taxes.**

Who has the best claim for in-state status for tuition purposes?

You, your parent, your spouse or your court-appointed guardian should meet **ALL** the following criteria:

- The person has always resided in Georgia or can demonstrate that they currently reside in Georgia and residence in any other state or country has been abandoned. Maintenance of ties with another state or country will contribute to an out-of-state classification and include such things as: financial support from a person who is a resident of another state or country, payment of income taxes to another state, registering a vehicle or securing a driver's license in another state or country.
- The person has lived in Georgia for the 12 consecutive months immediately preceding the start date for the term and their 12-month durational requirement has not included time attending any higher educational institution in Georgia on a full-time basis.
- The person can demonstrate that they moved to Georgia for purposes other than attending any educational institution in the State of Georgia.
- The person can demonstrate economic self-sufficiency and has contributed to the state by paying meaningful taxes.
