For additional software choices, visit www.srs.usg.edu/. PantherCard ID is required for ALL software purchases. We accept checks, PantherCard, and Speedtype. Payment should be made to: GSU-IS&T.

Regarding the above-described products, I acknowledge and agree that the products will be installed on a machine that I use and I shall abide by and be subject to the following conditions:

1. I shall not make or distribute copies of the above-described products that are licensed to Georgia State University.
2. I shall assume any and all responsibility for the installation and use of the above-described products.
3. I understand that I may install each piece of software on only one university-owned machine and one personal machine (such as a laptop or home PC).
4. I fully understand and agree that the above-described products are provided by Georgia State University in "as is" condition, that the university makes no warranties, promises, claims, or representations as to the product's compatibility with or performance on the privately-owned computer or to the product's suitability for a particular use or application.
5. I understand and agree that my use of the products shall be subject to all Georgia State University policies, including the university's Computer Ethics Policies.
6. My signature below certifies that I am currently a faculty/staff member of Georgia State University and therefore eligible to receive the above-described products.
7. I understand that the current license agreement is an annual agreement between the vendor and the University System of Georgia. If a license is not renewed, all software must be immediately removed and deleted from all machines.
