

LIFESTYLE COMMUNITIES at Georgia State University

Lifestyle Communities offer a dedicated and distinctive themed living option to our residents. They maintain a genuine sense of community and they are supported by programs, conversations and faculty interaction centered on the member's interest.

All the Lifestyle Communities are carefully planned and supported by University Housing staff along with the members of the community. Since all the members share interest in their community's theme, you can expect to build genuine relationships and life-long friends.

Lifestyle Communities	Descriptions	Location	Qualifications/Restrictions
Arts and Culture in Atlanta	Areas of focus include music, dance, art and theater—on and off campus.	University Commons C, 8th Floor	Open to any first-year and upperclass students.
