For additional software choices- see www.msd.uga.edu, you will need to order both license for a product as well as the media-most items can be found under the "catalog" tab on this website. We accept checks, Panthercard, Speedtype as well as Money Orders-payment should be made to IS&T/GSU

Regarding the above-described Microsoft Products, I acknowledge and agree that the products will be installed on a machine that I use and I shall abide by and be subject to the following conditions:

- I shall not make or distribute copies of the above-described Microsoft products that are licensed to Georgia State University.
- I shall assume any and all responsibility for the installation and use of the above-described Microsoft products.
- I understand that I may install each piece of software on only one University machine and one personal machine (such as a laptop or home PC).
- I fully understand and agree that the above-described Microsoft products are provided by Georgia State University in "as is" condition, that the University makes no warranties, promises, claims, or representations as to the Microsoft product's compatibility with or performance on the privately-owned computer or to the product's suitability for a particular use or application.
- I understand and agree that my use of the Microsoft products shall be subject to all Georgia State University policies, including the University's Computer Ethics Policies.
- My signature below certifies that I am currently a faculty/staff member of Georgia State University and therefore eligible to receive the above-described products.
- I understand that the current license agreement is an annual agreement between Microsoft and the University system of Georgia. If the license is not renewed, all software must be immediately removed and deleted from all machines.
