EPA Hazardous Waste Online Refresher

Requires being previously trained at Georgia State University.

Register for the online refresher by e-mailing your campus ID (gsu.edu email) to Environmental Programs at eprograms@gsu.edu

- You will be added to the WebCT/uLearn course and a confirmation email will be sent to the email address you provided at registration.
- This option has a short review presentation and a 25 question quiz, and usually takes less than 30 minutes to complete the entire review process.
- 49CFR265.16 Requires Annual Hazardous Waste training for all facility personnel.
- New Personnel must be trained within 6 months of employment. GSU uses each lab as a facility so all personnel who would enter the space to complete their responsibilities must be trained.
