

## WASTE DISPOSAL RADIOACTIVE- AQUEOUS LIQUID WASTE PROCEDURES

The following procedure refers to **radioactive waste only** (not chemical or biological/medical waste).

1. Keep your radioactive waste containers clean, in good condition, and make sure they are securely closed at all times.
2. Store you radioactive waste containers in trays to minimize opportunities for a spill.
3. Make sure your radioactive waste does not contain hazardous chemicals.
4. When your radioactive waste containers are full please call the Radiation Safety Officer at (ofc) 404-413-3540 or (cell) 404-227-7472
5. If you require replacement supplies indicate this when you call the RSO at 3-3540.

For questions or concerns contact the Radiation Safety Officer: 3-3540
